

The two most important days in the history of the world are these: the first coming of the Lord Jesus, and the second coming of the Lord Jesus.

All other historical events pale in the light of these two events.

The first event has already happened...and the second—which is happening soon—surpasses the first! *Yes, He is coming soon, and the signs are all around us!*

In this series of messages by Billye Brim, you will learn exactly what these signs are—so that as you witness the signs of Jesus' coming in the days ahead, you'll be prepared to point the people in your life to the plan God has for them and for this world.

- The signs of nature God has set in motion to provide us information about the last days
- The importance of God's calendar as He prepares for Jesus' return
- The significance of *personally* knowing the signs of the last days
- and more!
